

Camp Wainui

Camp Wainui is set attractively in a sheltered valley, and offers an ideal base for activities, adventures, learning and 'time-out'. It is only 22 kilometres from the Wellington Railway Station, (about 30 minutes by car – except during “rush hour”) and 10 km from the centre of Lower Hutt. Located at 203 Coast Road, Wainuiomata, the Camp is less than 4 km south of the town's shopping centre.

A large part of the Camp's 240 hectares is clad in bush, native trees and ferns. There are many tracks through the bush, however these are challenging and for experienced trampers only. Some tracks lead to the adjacent Rimutaka Forest Park. The main area has grassed fields for sporting activities and/or tenting. There is also a lagoon for swimming or canoeing - some kayaks and life jackets are available.

Camp Wainui provides for all types of groups requiring accommodation - from small groups to larger numbers. There are three accommodation areas - the Peter Burgess Lodge Complex, the Grattan Bushline Hut and tent and caravan sites.

The Peter Burgess Lodge Complex

Four accommodation units and an all-purpose hall: Opened in 1989, the Lodge Complex consists of four accommodation units, each of which can be hired separately. Each unit has four bunkrooms sleeping 4 or 5, giving a total of 18 bunks per unit and 72 bunks in the complex. Mattresses and pillows are provided but you should bring your own pillowcase, cover sheet and other bedding. All units have their own toilets and showers. Units 1 and 2 have their own kitchen and lounge - bring your own tea towels. Groups staying in Units 3 and 4 use the hall, which has seating for 72 people and a large kitchen that includes a 5m³ cool room.

Catering: The Lodge Complex is a 'self-catering' facility and all groups will need to provide for their own meals.

Other facilities available for users of the Lodge Complex include a large meeting/recreation room in the 'old dorm block' about 70 m from unit 1. A smaller teaching/meeting place is the nearby Stedfast Pavilion, which can seat up to 30 people.

The Grattan Bushline Hut

This solidly built spacious hut is in a bush setting some distance from other parts of the Camp. Sleeping platforms on two levels accommodate about 20 people. A small number of mattresses are provided. There is a space for pitching tents nearby. The hut has no electricity and no cooking facilities but there is cold water on tap. Ample bench and storage space is available. No cooking or eating utensils are provided. Outside "privies" are a short distance from the hut but the toilet and shower facilities in the Skip Turley Amenities Block, almost 400m away, are available to Grattan Hut users.

Several suitable tent sites are also available near the Skip Turley Amenities Block and there are some powered caravan sites nearby.

Day use

For those not wanting to stay over-night, there are a number of outdoor facilities, mentioned above, available for group activities on site. Groups wanting to use these facilities will also have access to the Skip Turley Amenities Block. They may also use the Stedfast Pavilion if groups staying in the Lodge Complex are not using it.
